

Waska Riders Meeting
April 26, 2010

Meeting called to order by president, Nancy Determan

Roll call was taken and new members introduced.

Secretary and treasurer's reports were read and approved.

Correspondence was read. The Pope County 4-H asked for class sponsorships at \$12 each. A motion was passed that we sponsor two classes.

Committee reports:

Show committee: Chris will have the show bill ready for the June issue of the Spotlight. Show bills will be distributed in the next newsletter. First fun show is May 16th.

Trail committee: Trail rides will be open to club members only for insurance reasons. May 22nd at Carlos State Park, July 17th at Glacial Lakes State Park.

Parade committee: Denise will submit registration to Waterama Parade committee along with the narration. We will be riding in the Kensington parade on June 20th. We have been asked to ride in the Farwell parade in 2011.

Education committee: Kristin has talked to several trainers and asked what type of clinic we would be interested in and what dates would work. It was decided that we ask Andrew Henrichs from Red Horse Ranch to come on June 11th. He charges \$30/hour and we would ask him to work with us on general horsemanship. We would require that there would be a non-refundable prepayment by a cut-off date. Denise Kraft will look into getting someone to do a game clinic. It was also suggested that we have a saddle fitting clinic.

Old business:

Chris will order WSCA rulebooks if anyone is interested.

Bridgette will get a list of shirts, etc. available at screen prints plus to be printed with our logo. A price list will be sent out in our next newsletter. If you would like your show number to be printed on your shirt you can check out the number list at the fun show.

New business:

There are several trail rides scheduled for this summer. Ride dates and information will be available on our website.

Jeri Johnson brought up that MN.DOT is now pulling over horse trailers of 10,000 GW and over to check for emergency cones and fire extinguishers. More information can be found by Googling MN DOT.

The meeting was adjourned.

Cindy Anderson, secretary
